## "Walton.Melon" By Fort Street Studio

Fort Street Studio carpet collection features original designs that brilliantly blend century-old weaving techniques with contemporary brush strokes and color combinations. 100% hand-knotted and hand-cut with a plush pile, Dandong silk provides a suede-like finish that subtly enhances the abstract designs with painterly effects. The wild silk carpets are at once plush and durable; luxurious and laid-back; elegant and understated.

## ...The Ultimate Generation Kitchen

**ALNOSTAR CERA** - derive from the Ceramic material being used. A 100% natural product which really epitomise the current trend towards organic and quality products.

The uniform and hard ceramic material is particularly suited for kitchens and has been newly interpreted by **ALNO** as the 'Kitchen of Tomorrow'. The ceramic cladding is formed of one piece giving a very uniform appearance with its own unique properties that makes the surfaces very resistance to both scratches, abrasion and easy maintenance. The safety of the ceramic surfaces for food preparation was ensured, as was the recyclability and UV resistance of the surfaces.

## German Pool Jet Steamer Saves 50% Cooking Time

German Pool's newly launched Jet Steamer JET-901 helps you prepare a healthy meal in an ultra-fast and flameless way. Thanks to the advanced STRIX heating element, it gives out steam within 20 seconds, cooking 2 times faster than the average food steamers. It saves you from unnecessary waiting, leaving you with more time to enjoy life.

High-speed steaming effectively keeps food fresh, juicy and nutritious. According to a test report by SGS certification organization, there is 2 times more Vitamin C remaining in broccoli cooked by Jet Steamer than boiling; and 1.5 times more than other electric steamers. This healthy cookware features 3 transparent and stackable baskets with a rice compartment for multi-level cooking at the same time. Now you can create tasty and healthy dishes anytime you wish.
